Mega Semi Trailer

Optima Semi Trailer

General Cargo Semi Trailer

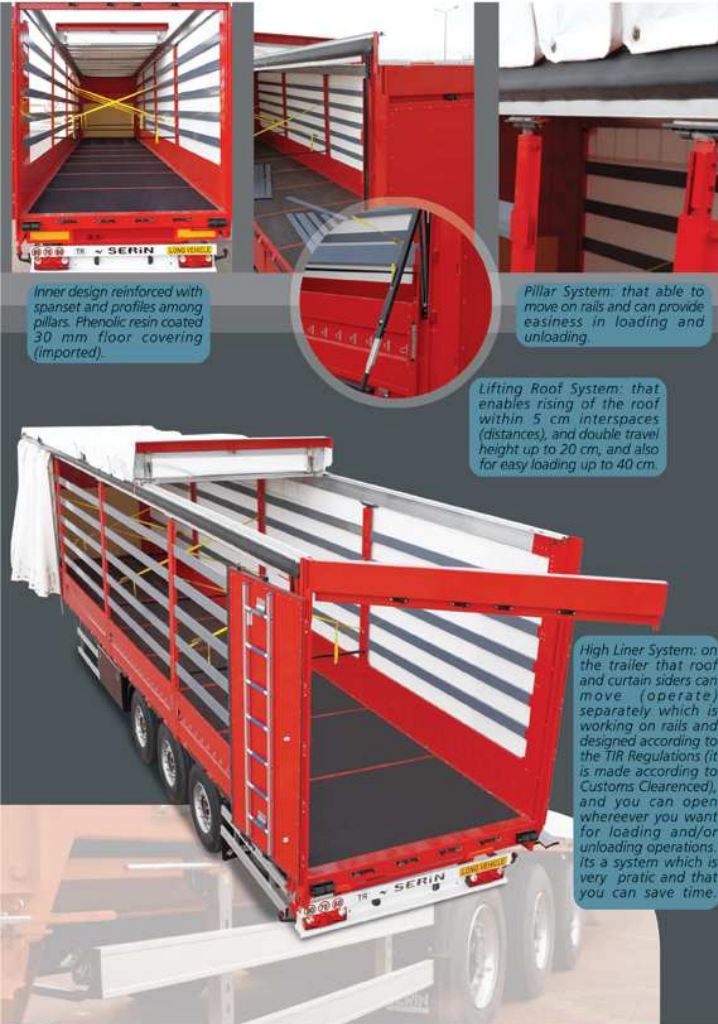

Tipper Semi Trailer

Textile Semi Trailer

THE TRAILER COMPANY
OPTIMA

Inner design reinforced with spanset and profiles among pillars. Phenolic resin coated 30 mm floor covering (imported).

Pillar System: that able to move on rails and can provide easiness in loading and unloading.

Lifting Roof System: that enables rising of the roof within 5 cm interspaces (distances), and double travel height up to 20 cm, and also for easy loading up to 40 cm.

High Liner System: on the trailer that roof and curtain siders can move (operate) separately which is working on rails and designed according to the TIR Regulations (it is made according to Customs Clearance), and you can open wherever you want for loading and/or unloading operations. Its a system which is very pratic and that you can save time.
